

NOBA[®] OP-SOCKEN

REF 660100

Product Description, Intended use, Application

The disposable product NOBA[®] OP-SOCKEN are soft, elastic, pre-rolled socks in one size, without heel seams and with elastic cuffs. The white socks are suitable for preoperative preparation of patients. Socks contribute to the prevention of perioperative hypothermia by protecting the patient from heat loss as a preventive measure. In addition, NOBA[®] OP-SOCKEN are universally applicable and counteract the spread of germs in sensitive areas.

Composition

Polyester, elastane

Incident reporting

According to MDR (EU) 2017/745, if serious incidents occur in relation to the device, they must be reported to the manufacturer and the competent authority of the Member State in which the user and/or patient is established.

Normative and Regulative Requirements, Common Standards

Medical device according to the MDD 93/42/EEC and MDR (EU) 2017/745.
